

ACUBIN AND HAZBOX

Acumen's AcuBin and HazBox provide a cost effective method of ensuring producers of hazardous waste remain compliant with all waste disposal legislation.

The AcuBin has been designed for the safe storage and disposal of absorbents, such as rags and wipes, PPE, spill-dry granules, mats and booms contaminated with hazardous substances like oils and paints.

The 1100 litre and 240 litre containers offer secure storage with a permanent lid allowing external or internal storage. The benefits of these disposal units are that:

- They can be easily moved around the building
- A clean container is delivered on each exchange
- Flexibility on the number of containers on site
- No set schedules and no minimum quantities
- Full documentation supplied
- All inclusive fixed prices

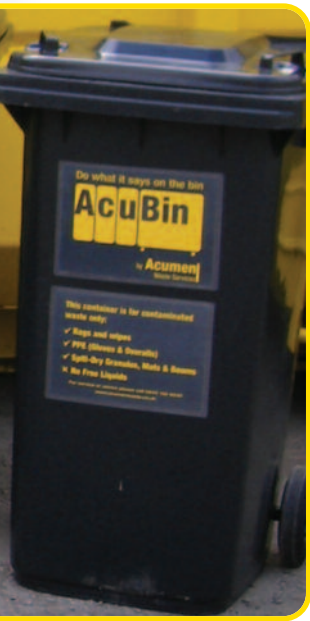

Acumen's HazBox has been specifically designed for producers with smaller volumes of hazardous waste such as:

- Bulbs and UV lamps
- Waste oil and bagged oil filters
- Empty contaminated containers
- Adhesives, resins, inks
- Grease tins/cartridges
- Cleaning chemicals
- Full or part full paint tins
- Aerosols (except for expanding foams)
- Small WEEE items
- Contaminated rags/granules (bagged)
- Household batteries (alkaline)
- Toner cartridges

Acumen provide clean containers delivered to site - you choose how many, exchanged on request - adjust the number if you wish:

- There are no set schedules and no minimum quantities
- Provision of full documentation supplied
- Offering all inclusive fixed prices

Online Client Area with Real Time Reporting

We realise that traceability, ease of auditing, transparency of transactions and movements of waste are paramount to your business. Providing full clearance certification and a duty-of-care audit trail to demonstrate the use of compliant solutions is a legal requirement under the duty of care set out in accordance with Section 34 of UK's Environmental Protection Act.

We provide detailed online reporting through the password protected client area on our website. Important information such as Environmental Permits, consignment paperwork, weight tickets and audit reports are uploaded on a daily basis. All our vehicles are tracked using satellite technology so your site managers receive logistic information in real time.

24 Hour Spill Response

As accredited spill responders we offer a highly trained and experienced team to respond to all types of land and water spills. We attend to emergencies such as:

Fuel oil spills, chemical and toxic substance spills, emergency clean ups, water contamination, hazardous substance identification and chemical and hazardous substance RTA incidents.

We will provide: vacuum tankers, drums and packaged waste re-packaging, high pressure jetting, remediation, waste collection and disposal.

First Line Responders

We are first line responders for emergency response, environment protection, working with HSE and EA and the emergency services.

Make sure you have our hotline number - 0843 6580513

Providing a Nationwide Service

Our multiple service locations throughout the UK means we can provide UK-wide coverage for the collection of waste materials.
