

CONTRACT WASTE MANAGEMENT

Acumen Waste Services are the preferred contract waste management organisation for many businesses throughout the UK for these simple reasons:

- We offer a nationwide service through one point of contact, for both hazardous and non hazardous wastes.
- We deliver cost savings, reduce our clients' administrative burdens and reduce management time spent on waste issues and other key legislation.
- We always work in compliance with the highest environmental principles fully embracing the concept and practice of sustainability in terms of economic, environmental and social responsibility.

Our expertise and dedication spans a range of sectors, providing transport and safely disposing of waste for the remediation, construction and housing industries by developing innovative, compliant and reliable solutions.

Our service includes an extensive re-evaluation of current waste management operations and recommendations for improved efficiencies and advice on how to improve recycling and waste hierarchy obligations.

As part of our commitment to continuous improvement, we can reduce costs, eliminate the risks of failing to comply with your Duty of Care and help with other relevant legislation and manage the administrative obligations.

Corporate Social Responsibility

At Acumen, a sense of responsibility for the environment and the communities in which we work has been part of our culture throughout our trading history. We always work in compliance with the highest environmental principles and fully embrace the concept and practice of sustainability in terms of economic, environmental and social responsibility. For more information on our CSR initiatives, please visit the website.

CASE STUDY

Reducing the admin burden for a nationwide housing association

Acumen is successfully delivering changed waste management practices for a multi-site nationwide housing association account. With waste expenditure exceeding £500,000 a year for services including skip hire, tipping facilities, hazardous wastes, recycling and the supply of management information, the team has both cut costs in important areas and reduced the client's administrative burden.

In all three years of the contract so far Acumen's Contract Waste Division has increased recycling figures and implemented cost saving solutions across the business. We have also developed a nationwide scrap metal recycling scheme that has recovered thousands of pounds per month of rebate for the client that was previously being lost...

Online Client Area with Real Time Reporting

We realise that traceability, ease of auditing, transparency of transactions and movements of waste are paramount to your business. Providing full clearance certification and a duty-of-care audit trail to demonstrate the use of compliant solutions is a legal requirement under the duty of care set out in accordance with Section 34 of UK's Environmental Protection Act.

We provide detailed online reporting through the password protected client area on our website. Important information such as Environmental Permits, consignment paperwork, weight tickets and audit reports are uploaded on a daily basis. All our vehicles are tracked using satellite technology so your site managers receive logistic information in real time.

24 Hour Spill Response

As accredited spill responders we offer a highly trained and experienced team to respond to all types of land and water spills. We attend to emergencies such as:

Fuel oil spills, chemical and toxic substance spills, emergency clean ups, water contamination, hazardous substance identification and chemical and hazardous substance RTA incidents.

We will provide: vacuum tankers, drums and packaged waste re-packaging, high pressure jetting, remediation, waste collection and disposal.

First Line Responders

We are first line responders for emergency response, environment protection, working with HSE and EA and the emergency services.

Make sure you have our hotline number - 0843 6580513

Providing a Nationwide Service

Our multiple service locations throughout the UK means we can provide UK-wide coverage for the collection of waste materials.
